President's Message

Welcome back to another amazing year with the Ringwood Garden Club of Ringwood, New Jersey. The start of a new club year is always exciting. Having time to catch up and update fellow gardeners with garden tips and tricks.

Reflecting on the history of the Club, in 1973 a group of Ringwood residents accepted the task to establish the Ringwood Garden Club. Later in 1978 the club became federated and members of the Garden Club of New Jersey. The club has continued to move forward through the years. As we near the 52nd year as a club, our members continue to do what is best to protect and conserve natural resources, promote education for everyone, are true caregivers of our environment and best of all support each other through the strong bonds of our friendship.

It is so important to acknowledge and appreciate each member's unique gifts and talents which make us the Ringwood Garden Club. It is an honor for all our members to continue moving forward and to tell our community about the garden club.

One of the greatest strengths of this Ringwood Garden Club is that we organically grow our deep-rooted bonds as members. This is a treasure to our club.

Let us all enjoy the year ahead as we learn, explore, create both our gardens and our unity.

Happiness always,

Pam

Ringwood Garden Club

50 Years

1973-2023

ON THE COVER

The Ringwood Garden Club cover drawing is designed by Jane Nielsen, one of the Ringwood Garden Clubs active members since 2008 and a past president for the club in 2010-2012. Jane has actively served as chair for various committees in the club over the years and continues to chair and design a display case regularly featured at the Ringwood Public Library.

Jane, a self-taught artist, early on as a child had an eye and intrigue for art and a gifted talent to share. Jane has achieved several awards in numerous juried art shows. Her works have been proudly displayed in exhibits in the Ringwood Public Library, The West Wing Gallery at Ringwood Manor, Skylands Manor – Holiday Open House and in public and corporate offices.

We are privileged to have an original of Jane's drawing of The West Wing at Ringwood Manor to proudly display on this year's yearbook cover.

The Ringwood Manor is a National Historic Landmark District, and today is part of the Ringwood State Park and administered by the NJ Department of Environmental Protection, Division of Parks and Forestry.

The Ringwood Manor has historical importance spanning from Native American inhabitation through the early 20th century, with original structures, gardens and landscapes of over 528 acres.

THE RINGWOOD GARDEN CLUB GOLDEN ANNIVERSARY 2023

Established 1973

The Ringwood Garden Club promotes an avid interest in all areas of gardening, local beautification, and community outreach while fostering long-standing friendships which have nurtured and supported each member throughout the years.

Presenter: Kathie Hetherington, Ringwood Garden Club

We have been providing housing and nesting sites for birds for hundreds of years. Fun fact: The first birdhouses got their start in the 15 and 16th century Europe in Belgium and Holland.

Birdhouses provide valuable homes for many species of birds and a wonderful opportunity for birdwatchers to enjoy watching the age-old process of breeding. Learn helpful ways to attract birds to a birdhouse.

Kathie has personally hand-crafted unique birdhouses for our garden club members to add the decorative touches and ready the homes for nature's nesters.
